

INTERESTED IN BECOMING A RAPID HEPATITIS C VIRUS TESTING PARTNER?

If you're a nonprofit that serves the following disproportionately impacted communities:

- Black, Indigenous, and persons of color
- Latinx/e/a/o and/or Hispanic people
- Same-gender-loving men
- Transgender and non-binary persons
- Persons who use drugs, are engaged in sex work, are unstably housed, and/or have experienced incarceration
- Survivors of sexual assault

Then we want to partner with you!

Testing for hepatitis C virus is the doorway to knowing one's status and being linked to prevention and treatment services.

If selected to receive in-kind rapid hepatitis C virus test kits, all staff conducting tests will need to be certified by TDH. Reporting requirements apply. Training provided at no cost.
