

Interested in Becoming a **Syringe Services Program (SSP)** in Tennessee?

APPLICATION REQUIREMENTS:

- Proposed location(s)
- Intent to offer rapid HIV and hepatitis C virus testing
- Security plan (including law enforcement receipt documentation)
- See online application for more details

APPROVAL COMES WITH MANY BENEFITS:

- Limited immunity to protect SSP operators and participants from being charged with possession of injection supplies
- Access to free rapid HIV and hepatitis C test kits, training, and certification
- And more!

Non-governmental organizations and local health departments (in partnership with county government) are eligible and encouraged to apply!
